Editorial Reviews:

“From creating realistic, fully fleshed-out characters, to planning a stellar plot, this book breaks down the writing process into small, bite-sized portions of instruction, and condenses years’ worth of reading and hundreds of dollars’ worth of courses, giving the reader the most substantial amount of information with the least amount of effort. With steps that help the writer maintain momentum, and questions to challenge the writer's process, this book can't help but bring a plot and characters to the forefront and inspire the reader to create a scintillating story.” – **Readers’ Favorite**

“Solid, sound basic writing book for the writing daring to be an author. The "10 Sparks" cover a wealth of topics with abbreviated, concise guidance, giving authors a fantastic place to check off all the necessities. Unsure how to title your book? It's there. Unsure whether to write a prologue? It's there. Stunned on how to write a synopsis? Yep, it's there. Nicely done. Especially appropriate for the first-time novelist. Kudos to Chrys Fey.” – **C. Hope Clark**, *The Carolina Slade Mysteries* and *The Edisto Island Mysteries*, Founder of FundsforWriters
